

## Showbie Efficacy Survey 2016

Teachers who use Showbie love how it transforms their classrooms into engaging, collaborative, and organized learning environments. How do we know? We asked them.

### PURPOSE AND METHOD

In 2016, Showbie conducted an international survey of teachers who use our classroom management platform because we wanted to determine if it was making an impact in their classrooms. We wanted to know about teachers' experiences in implementing Showbie and if the platform created noticeable differences in student engagement, feedback quality on assignments, classroom organization, and other areas related to classroom efficiency.

We surveyed 4,849 teachers worldwide who had been actively using Showbie for at least three months and had used Showbie to grade at least 600 student assignments. We received 555 responses and results showed that teachers who used Showbie had seen noticeable benefits as a result of using the platform.

# 91%

My students are more engaged in their learning since using Showbie.

# 89%

My students are involved with more feedback and revisions through project-based learning by using Showbie.

# 99%

Showbie is easy to use and implement in the classroom.

# 97%

Showbie has helped me provide formative feedback to students on their assignments.

# 98%

Showbie helps me collect and stay organized with assignments, worksheets, and all the apps I use in my classroom.

# 97%

Showbie helps me provide timely, personalized feedback to students on their work.

## Showbie Efficacy Survey 2016

As teachers are confronted with increased demands on their time as well as expectations to integrate technology into their classrooms, it's critical for classroom management platforms to be intuitive, engaging, easy to use, and effective. As these survey results show, teachers using Showbie overwhelmingly indicated that Showbie delivered in these critical areas and more.

### ABOUT SHOWBIE

Showbie is an easy-to-use classroom management platform. From assignments to collaboration, Showbie helps teachers bring their classroom together through one simple, easy-to-use app. Unlike complicated, burdensome learning management systems that require extensive training and time to implement, teachers can start using Showbie's powerful platform within minutes.

More than 700 school districts and 28,500 teachers use Showbie worldwide to manage their classrooms, provide timely feedback, and increase student and family engagement. With more than 2.5 million users across the globe, Showbie is poised to become one of the most widely used classroom engagement platforms. Showbie is currently used in more than 136 countries and, on average, teachers assess more than 5.2 million assignments using Showbie every month.
